

BRUCE SPRINGSTEEN & THE E STREET BAND: LIVE IN BARCELONA

On October 16, 2002, two months into “The Rising Tour,” Bruce Springsteen & the E Street Band took the stage of the Palau Sant Jordi in Barcelona, Spain, to deliver a soul-stirring concert experience. The performance featured new songs “The Rising” and “Lonesome Day” – inspired by the September 11, 2001 attacks – alongside classic hits “Born to Run,” “Thunder Road” and a poignant solo version of “Spirit in the Night,” featuring The Boss on piano.
